THE CIRCUS IS COMING. The Great Barnum & Bailey Show

Soon to Be Here. Barnum & Bailey's Greatest Show on Earth will be here on the 5th and 6th of May at North Capitol and M streets. This great exhibition this year is of a character entirely new to the residents of this city. To briefly mention some of the prominent features would occupy considerable space. Suffice it that three rings, three elevated stages, a huge racing track and much novel aerial apparatus are required to show the varied entertainment composing this year's new show. There are menageries, hippodromes, triple circus, horse fair, seventy trained horses performing in one ring at one time, a giant, midget, the famous Orissa twins, a team of forty horses and other

features.

The menagerie is almost entirely new and boasts every strange and curious zoological specimen. There is also in the collection the largest Bengal tiger ever seen in Amerthe largest Bengal tiger ever seen in America. There are besides scores of animals not on exhibition anywhere else, such as an eland, addis, giraffe, Niger antelope, wart hog, water bok, gorilla, blue-nosed mandrill, guib, saddleback tspir, harnessed antelopes, rhinoceros and others.

Among the artists that have been brought over from Europe are the most dashing and accomplished equestriennes ever seen in this country. Besides there is the wonderful troupe of seventy trained horses, all of

accomplished equestriennes ever seen in this country. Besides there is the wonderful troupe of seventy trained horses, all of which perform in one ring at one time. And still there remains the remarkable animals—Johanna, and the big mandrill—amazing alike to scientist and naturalist and a stumbling block to doubters of the Darwinian theory. Twenty-four elephants, too, are a great feature, as that number was never seen before in one tent.

The Barnum & Bailey show has come to be one of America's permanent institutions, and merits more than the smiling reference called out by the ordinary circus. The street parade is called the "Return of Columbus to Barcelona," and contains a reproduction of the great discoverer, the ambassadors of the time, with the nobles, courtiers and chivalry of 400 years ago and a wondrous forty-horse team.

The Wendling-Catchings Marriage a Home The Annual Excursion of the Washington

affairs of the entire nation will gather in crowds next Saturday on the annual exto Marshall Hall. More interest has been taken in the outing this year than ever be fore, and it increases as the time for the event draws closer. There is a constant demand by members of the board upon Secretary John B. Wight for tickets, and many who had already secured a supply have called for more in addition. The at rangements for the excursion assure a most pleasant time for all who will participate. The planked-shad dinner at Marshall Hall The planked-shad dinner at Marshall Hall will be served in the best modern style by accomplished cooks and well trained servants. Excursionists need not take the precaution of taking lunch before the boat leaves, as luncheon will be served on the steamer Macalester. A trip up Eastern branch to give the party an opportunity to see the condition of the Anacostia flats will be taken, and it is confidently believed the object lesson thus presented will have a very beneficial effect in shaping the plans for their reclamation.
